YOURS

Yours to keep
site and files in your name

01 WHERE WE STARTED

What we built it around.

01 Avid gun enthusiasts David and Beth Hackenberg are ready to help you find the firearm of your choice.

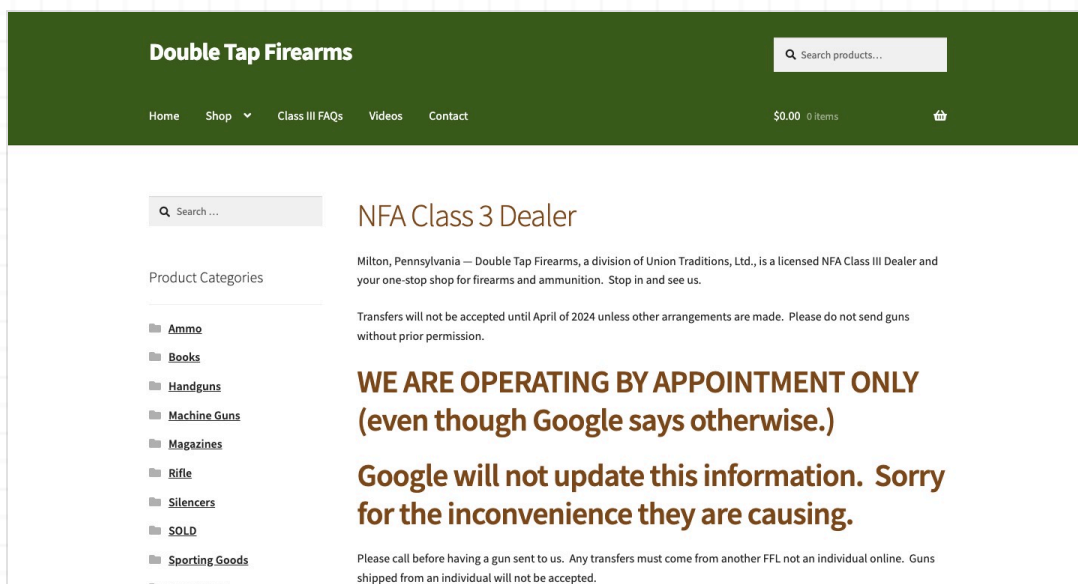

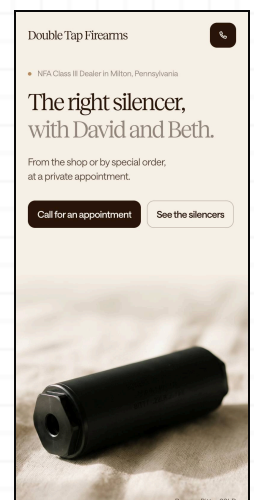

From your homepage. Option 1 puts the two of you in the headline, with the Bowers Bitty on cream linen and a call for an appointment right under it.

02 Contact us to set up a private appointment to purchase a Class III item.

From your Class III FAQs. Option 2 keeps your green and sets the Grenadier 45 between the appointment and the silencer makers you carry.

03 We only post items in stock.

Also from your homepage. Option 3 makes it the headline, with a shelf switch between the two silencers listed in stock and the makers you can special order from.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. It's built lean and tested on a preview before anything goes live, and your forms keep sending to the same inbox they do now.

03 Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What about the rules changing again?

Then the site changes with them. You tell us how you're selling, and the buying page says exactly that, in your words. We never write legal advice onto your site.
